- SQL

PROFILE

I am a self-motivated, dedicated, reliable, responsible, mature team worker and hard working person. I have experience working in an international setup dealing with people from different countries which taught me great communication skills in interacting with people from different cultures. I am able to work well both in a team environment as well as using own initiative. I am very humble and eager to learn from the next person and taking more trainings to advance my knowledge in all work related skills.
